

Water

Task No.1

Find out on the Internet water areas and water sources that are located near the town of Holíč (around 20 km). Find out what importance they have for the inhabitants of the city of Holíč.

Task No.2

Do the identified water areas and water sources (from task no. 1) belong to the protected areas? What is a protected area? What can we call a protected area? Help yourself with the internet.

Task No.3

Fill in the blind map with Slovak rivers.
